House Plan-d'Orgon

500 meters from the village center, with the feeling of being in the countryside and nothing but greenery as far as the eye can see, This single-story house offers 126 m² of living space, a garage, and a carport. The south-facing garden is enclosed and planted with trees. The entrance opens onto a bright living room with a fireplace, extended by a terrace with a gazebo. The recently updated kitchen is semi-open. From the entrance, you access a pantry, a laundry room, a toilet, and the bedrooms. The first bedroom, measuring 20 m² (with the possibility to convert it into two bedrooms), faces south and has an en-suite shower room. Then, two bedrooms share a shower room with a toilet. Detached garage with pool filtration system. Two-car carport. The pool, installed in 2020, is secured with an electric cover. A wooden outbuilding serves as a covered terrace and storage space.
